

Data Sheet

Fujitsu STYLISTIC Q508

Semi-Rugged Hybrid Tablet PC

Hands-on Durability and Tablet Mobility

Fujitsu recommends Windows.

The FUJITSU STYLISTIC® Q508 is one of the most versatile tablet PCs on the market today. Its 10.1-inch WUXGA widescreen anti-glare display with pen and touch input combined with Intel® Atom® and Windows® 10 Pro performance manages mobile computing with flexibility from boardroom to classroom perfectly. The semi-rugged design and wireless connectivity helps you efficiently handle workloads regardless of your location.

Access networks securely with fingerprint sensor authentication, and focus on productivity with the optional keyboard cover and docking cradle accessories.

Semi-rugged, durable design

Built to withstand vigorous MIL-STD-810G durability testing, drop resistant up to five feet, and IP54 rated for dust and water resistance, the light (1.3 lbs.) STYLISTIC Q508 can transform the way you work by changing how and where you work.

Enterprise ready

The Windows 10 Pro operating system makes for easy multitasking, excellent security and painless deployment in commercial environments.

Content creation and collaboration

With the STYLISTIC Q508 Tablet PC, you can enjoy the benefits of precise handwriting recognition and a multiple-touch display.

- Stay as productive on the road as when docked in your own office. Maximize your output with USB Type-C® and Type-A support. Enter data with pen-based handwriting and capture signatures. Type with the onscreen keyboard or the optional

Keyboard Cover for a physical keyboard, and then fold it flat to protect the display and go.

- The widescreen anti-glare display provides excellent viewing, along with a textured backing for added traction in your hands. Rubberized corners help grip against surfaces for added anti-slip protection.

User experience and connectivity

Connect and share wirelessly with WiFi and Bluetooth connectivity. Other user features include:

- 2MP Front/8MP Rear webcams support video, photos and web conferencing; dual microphones and speakers capture and playback voice
- Convenient dockable keyboard and cradle options

Manageability and security

The STYLISTIC Q508 Tablet PC delivers enterprise-class security.

- Area fingerprint sensor and Absolute Persistence® technology capable BIOS (service required)
- Boot Sector Write Prevention, Supervisor and User BIOS Password protection

Technical details

Fujitsu recommends Windows.

Software

Operating Systems	Windows 10 Pro Tablet Version (Windows 10 Fall Creators Update, MUI, 64-bit) with Microsoft® Office Mobile
Additional Software	McAfee® Multi Access Security (anti-virus and internet security software; 60 days trial version) ¹ , Microsoft Office Mobile, Fujitsu Battery Utility, Fujitsu Function Manager
Key Specifications	(Listed specifications are for the current model only and NOT for earlier models or revisions to this product.)
Processor	Intel Atom® x5-Z8550 Processor (1.44 GHz, 2M Cache, up to 2.40 GHz)
Chipset	System on Chip (SoC)
Memory	4 GB fixed onboard LPDDR3 memory 1600 MHz (maximum 4 GB, not upgradable)
Display	10.1" WUXGA Widescreen Anti-Glare Display (1920 x 1200 / 16:10) with 160° vertical and horizontal viewing angles
Resolution	Internal: 1920 x 1200 pixel resolution, 16M colors Simultaneous: 1920 x 1080 16M colors
Digitizer	Dual Digitizer, consisting of a Wacom active digitizer and capacitive touch panel (uses active EMR stylus with 2,048 pressure levels and multitouch input).
Webcam	Front-facing Webcam: 2MP resolution Rear-facing Webcam: 8MP resolution with auto-focus and status LED indicator
Solid State Drive²	64 GB or 128 GB eMMC
Audio	Realtek ALC5672, one audio combo jack, stereo speakers, dual digital microphones
User Interfaces	Touch-screen and pen stylus with tether and garage
Wireless Communication³	Intel® Dual Band Wireless-AC 7265 (802.11ac/a/b/g/n WLAN) with Bluetooth v4.0
Ports	One USB 3.1 (Gen1) Type-C, one USB 3.0 Type-A, one DC in connector, one headphone/line-out/microphone/line-in combo jack, one docking port
Card Slots	One microSD (SD/SDHC/SDXC) card slot; one SIM card slot (device dependent)
Sensors	3-axis Accelerometer, Compass, Gyroscope, Ambient Light Sensor
Security	Area Fingerprint Sensor, Intel® PTT, Absolute Persistence technology capable BIOS (service required), Boot Sector Write Prevention, Supervisor and User BIOS Password protection
LAN	via Keyboard Cover, Docking Cradle, or Conversion Adapter
Battery	Lithium ion battery 3 cell, 34 Wh Battery life ³ : Up to 10 hours, 48 minutes
AC Adapter	Autosensing 100-240V AC, 36W, 12V DC (AC Adapter common with STYLISTIC Q507)

Dimensions / Weight / Environmental

Dimensions / Weight	10.4" (w) x 6.7" (d) x 0.4" (h). Tablet weight 1.3 lbs. Keyboard Cover weight: 0.86 lbs.
MIL-STD-810G⁴	MIL-STD-810G tested for various demanding environmental conditions: altitude, low (cold) and high (heat) temperatures, humidity, functional shock, vibration integrity, vehicle vibration, blowing dust, and 5-foot transit drop.
Dust resistant⁵	IP5X
Water resistant⁵	IPX4
Operating Temperature	41°F to 95°F (ambient temperature); 20% to 80% relative humidity
Non-Operating Temperature	14°F to 140°F (ambient temperature); 20% to 80% relative humidity, non-condensing

Technical details

Fujitsu recommends Windows.

Manageability

PXE Boot 2.1 supported with Fujitsu Docking Cradle, Keyboard Cover, and USB-LAN conversion cable

Key Accessories

Accessories	Keyboard Cover (US) with LAN port Docking Cradle (common with STYLISTIC Q738) Folio Cover Protective TPU Cover with shoulder strap Intermediary VESA Mount Plate USB Type-C to microHDMI conversion cable USB Type-C to HDMI conversion cable USB to LAN conversion cable For a full list of accessories, visit www.shopfujitsu.com or call 1-800-FUJITSU
--------------------	---

Compliance and Service Information

Compliance	FCC Part 15 Class B and FCC Part 15E; IC ICES-003 Class B and RSS-210; UL-cUL Listed Qualifies for treatment as U.S. Trade Agreements Act ("TAA") compliant finished product.
-------------------	---

Model	MQ10A
--------------	-------

Warranty⁶	One year standard International Limited Warranty; 24/7 technical support. Extended Warranty options available.
-----------------------------	---

Notes:

- 1) Pre-installed with a free 60-day trial version of McAfee Multi-Access. The 60-day trial version is activated upon user's acceptance of software license agreement. After the 60-day trial period, the user must purchase a subscription from McAfee to download latest virus definitions.
- 2) One gigabyte (GB) = one billion bytes; accessible capacity will be less and actual capacity depends on the operating environment and formatting.
- 3) Battery life tested internally by Fujitsu using Windows Media Player full screen MPEG file playback, and may include audio muted. Battery life will vary depending on the product configuration, product model, application loaded on the product, brightness, power management settings on the product, Operating System, and the product features used by the customer. As with all batteries, the maximum capacity of the installed batteries will decrease with time, usage, and how often the batteries are charged by the user.
- 4) MIL-STD-810G test results are not a guarantee of future performance under identified test conditions, nor does it imply that it will meet the contract requirements of Department of Defense. Accidental damage is not covered under standard international limited warranty.
- 5) Water and dust resistant design based on IP5X, IPX4 rating for the Q508 tablet. To maintain the dust and water resistant feature of the product, it must be serviced at least once every two years by Fujitsu authorized service personnel (depot repair) to ensure the integrity of internal sealing mechanisms.
- 6) Service and warranty turnaround time may vary by country and product. The International warranty is only valid for products purchased in North, Central, and South America.

About Fujitsu Americas

Fujitsu America, Inc. is the parent and/or management company of a group of Fujitsu-owned companies operating in North, Central and South America and Caribbean, dedicated to delivering the full range of Fujitsu products, solutions and services in ICT to our customers in the Western Hemisphere. These companies are collectively referred to as Fujitsu Americas. Fujitsu enables clients to meet their business objectives through integrated offerings and solutions, including consulting, systems integration, managed services, outsourcing and cloud services for infrastructure, platforms and applications; data center and field services; and server, storage, software and mobile/tablet technologies.
